Osmosis Instructions

A tutorial of many aspects of Osmosis. Osmosis can be found at on the E.Flo Apps page. The apps for Osmosis can be found here: ios / Android

How are Osmosis accounts created?

All requests for new users need to be forwarded to medicine.it@wsu.edu Please include the name, WSU Email address, role (Student, instructor, administrator).

Osmosis Library

After logging in you will be brought to the library. The library houses thousands of videos, flashcards, and practice questions.
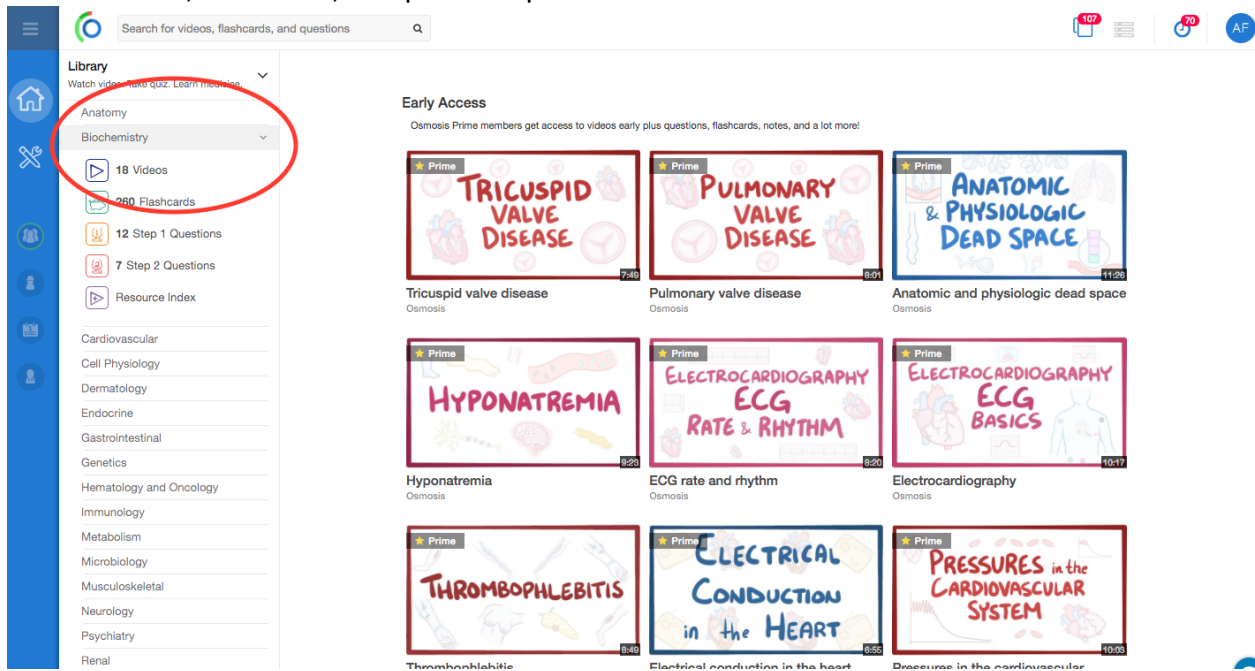

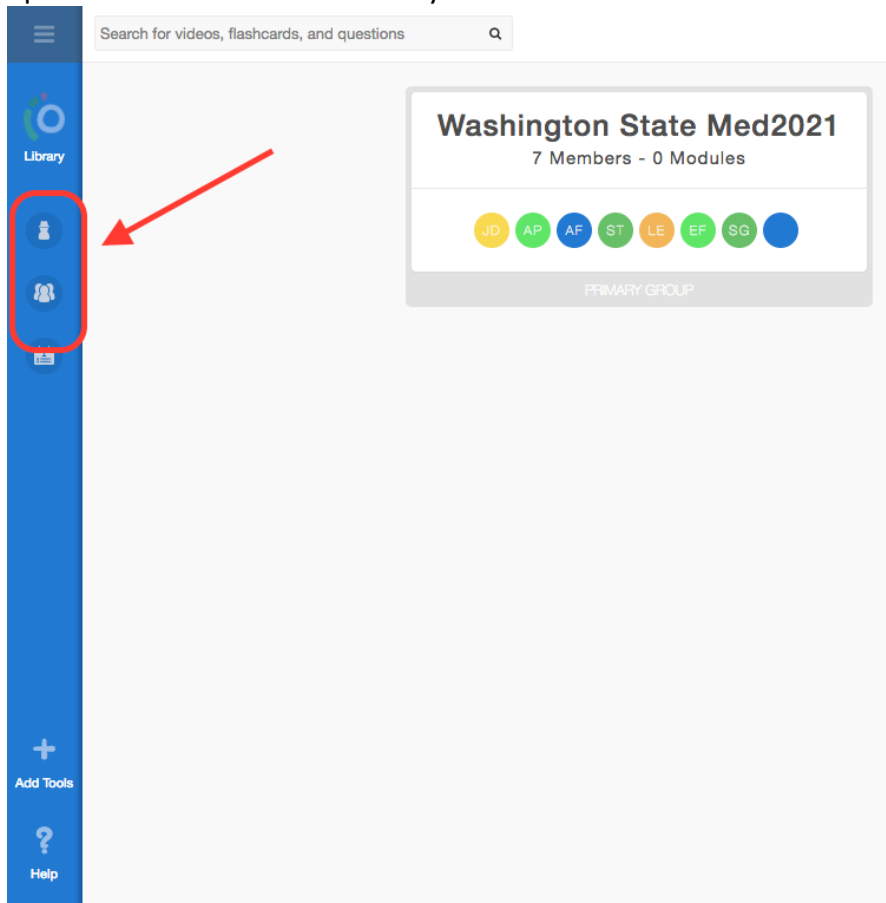

How to join a workspace

When your account is created you will automatically be placed in the Washington State Med 2021 Workspace. To switch between your private and team workspace use the icons on the left to choose.

Your Team Workspace is composed of your cohort. This is where you can share and upload course material and study tools like flashcards.

Workspace Calendar

Your workspace has a calendar that mirrors the same events that are in E.Flo. These events will have course material loaded into them. You can use this uploaded material to create flash cards and quiz questions.
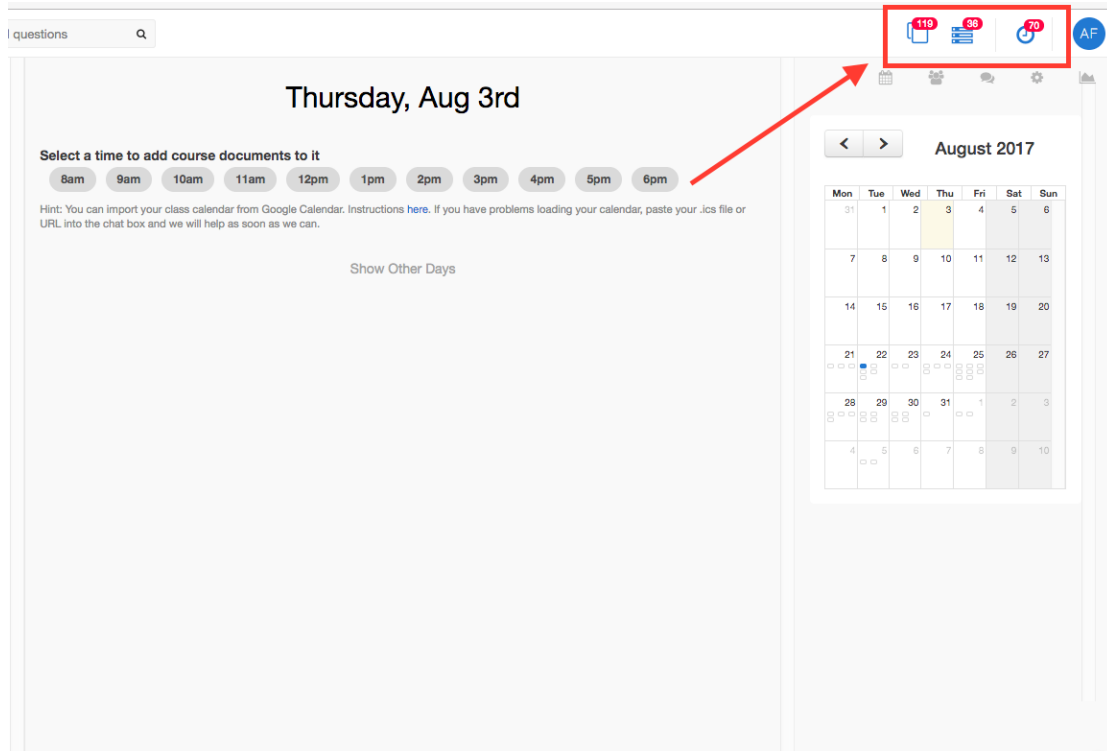

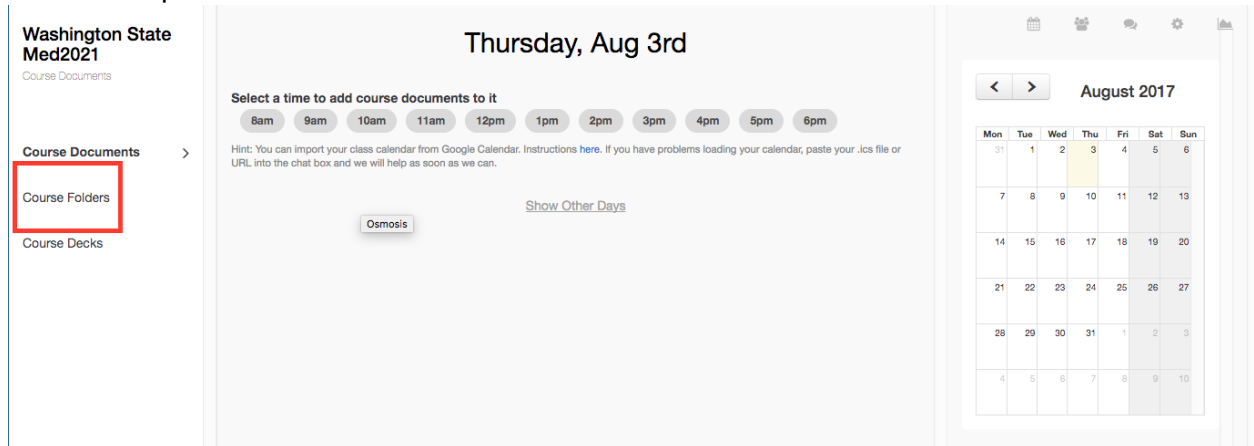

Flashcards and Quiz Questions Queue

Your queues can be accessed by clicking the corresponding icons on the top right. Hovering over the icon displays the icon label.

How to create a course folder

All uploaded course material is stored in a corresponding course folder. While in your team workspace select Course Folders is on the left.

Select +New Course Folder

When creating a course folder, you need to have the start and end date of the corresponding course. For example; To upload anatomy course material, create a module with a start date of August 21, 2017 and an end date of November 21, 2017.

1. Enter the name of the course that you want to create.
2. Enter the Start and end date of the Course Block.
3. Select a Topic
4. Add a description of desired
5. Create folder

How to create a course folder

Once a course folder has been created, go back to the Course Documents page to use the course calendar. In this example, we will load course documents into the 10am Gastro Intestinal Tract course occurring Wednesday October 4th.
From the calendar on the right of the page go to Oct 4 2017 and select the 10am class.
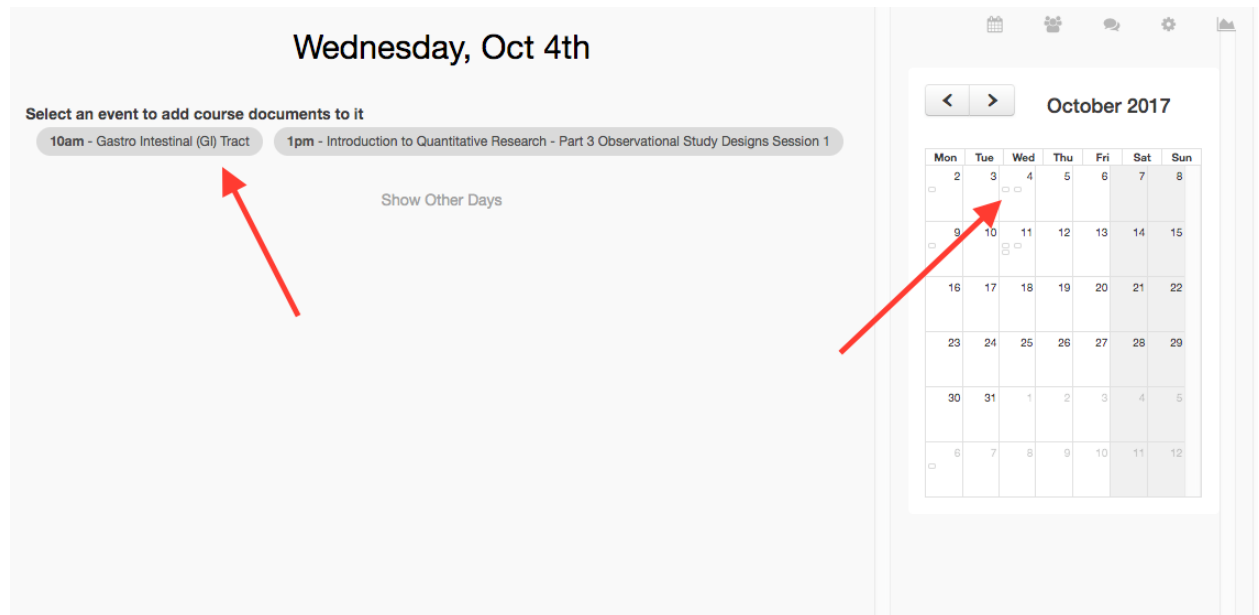

From here you can browse to or drag and drop course material related to Gastro Intestinal Tract into the module.

Wednesday, Oct 4th

10AM **Gastro Intestinal (GI) Tract**
Not linked to module

DROP DOCUMENT HERE
Or browse your files.

While uploading it will ask you which folder the study material should be placed in. For this example we will choose the "Anatomy" folder.
